Ultra-rugged design.

DuraXV Extreme excels in harsh environments with advanced performance standards. An IP68 rating protects the DuraXV Extreme against dust and water immersion.³ And with MIL-STD-810G drop protection rating you can rest assured your phone is safeguarded against shock, drops, vibration, and extreme weather conditions.² And with Non-Incendive, Class I, Div 2, Group A-D protection⁴ you can rest assured that your phone will withstand hazardous locations.

Ease of Use.

DuraXV Extreme offers a fully personalized and dependable usage experience with a customizable menu to set frequently used apps. DuraXV Extreme is easy to use with programmable keys including Push to Talk, Alert, Speaker, Stop and 4-way navigation.¹ Do it all with ease and comfort with large fonts, tactile keypad and a clear display for superior readability.

Kyocera DuraXV Extreme Specifications

Rugged Powerhouse.

A fast 1.2GHz Quad-Core A53, 64-bit processor and removable 1770mAh battery keep you up and running all day in the field, at the office or off the beaten path. DuraXV Extreme makes your everyday just another day with work smart applications including an on-device Support app. And with Eco and Battery Care modes to monitor battery use, reduce battery consumption and extended battery life you won't have to worry about running out of juice during those extreme, just-in-case moments.⁵

Reliable Communication.

DuraXV Extreme has fast, reliable and secure communication with 100dB+ dual-loud speakers and dual-mic noise cancellation to hear and be heard over Verizon's 4G LTE network. Use HD voice to make crystal clear calls. And you can activate your phone as a mobile Wi-Fi hotspot for up to 10 users. Supports Wireless Priority Services with eMPS connection and Real-time text (RTT).

Picture Perfect.

Take high-quality photos with DuraXV Extreme's 5MP auto-focus camera with LED flash and video recorder to capture what's important.⁶

1 Alert and Push toTalk requires a subscription

2 Mobile Wi-Fi Hotspot Capability requires activation and may incur additional data charges.

3 IP68 dustproof and waterproof rated for up to 30 minutes in up to 6.5 feet of water. Drop-proof up to 1.5m onto concrete

4 Certified for use in classified hazardous work environments where concentrations of flammable gases, vapors, or mists are not normally present in an explosive concentration (but may actually exist).

5 Based on average battery life under typical usage conditions. Average expected performance based on typical use. Actual battery life depends on factors such as network, features selected, frequency of calls, and voice data, and other application usage patterns. Results may vary.

6 Non-camera version available.
